EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Regarding independent claims 1, 20, 23 and 24, the prior art does not disclose or reasonably suggest the limitations of forming a weighted boolean query from speech recognition, where the weighted boolean query is constructed by determining a shortest length recognition hypothesis, pruning each recognition hypothesis up to the length of the shortest recognition hypothesis, determining a length of a longest pruned recognition hypothesis, and selecting a number of recognition hypotheses based on the length of the longest pruned recognition hypothesis. A method for generating recognition hypotheses based upon shortest and longest lengths is not disclosed or reasonably suggested by the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
